Notice of Change in Stock Exchange Section for TSE

Livesense, Inc. is pleased to announce that today the company has received authorization from Tokyo Stock Exchange, Inc. to change the section for exchanges of our company's stock from the Mothers to the First Section or Second Section of the TSE from 1 October 2012.

We would like to express our gratitude for the steady support of our shareholders and our many other affiliated parties.

Since its founding in February of 2006, this company has used, under its business philosophy of "Happiness Begetting Happiness," the "success fees-based business model" that has proven most satisfactory to the clients and users who utilize its services and this company itself to run Internet media such as employment information and real estate information. The number of enterprises that have deployed this company's services exceeded 20,000 firms as of August 2012, and our business continues to steadily grow.

We would like to create services that are essential to society and are gladly used by many individuals in order to facilitate long-term improvement of corporate value. We appreciate your continued support.

Now, the involved section has yet to be established, but we expect to notify you following the determination date for prices of the stock offerings announced today (sometime between September 18, 2012 and September 21, 2012) following the decision of Tokyo Stock Exchange, Inc.
